

Solar filter holder for telescope / Sky-Watcher MAK? 127 mm Binding for a Baader plastic sun filter made of plastic, enabling quick and secure fixing of the solar film on an astronomical telescope without the need to perform the binding on its own. See also: SOLAR FOIL (LINK) The luminaire works with the following telescopes: â€¢ Sky-Watcher MAK 127 â€¢ Celestron Mak 127 (eg Nexstar SLT - see note below) Fitting with Celestron Mak 127 SLT - the luminaire enters the telescope (it can be used after gluing with felt or attaching the luminaire to the tube). ATTENTION: ALWAYS CHECK THE FILTER STATUS BEFORE INSTALLING IT ON TELESCOPES - CHECK THAT THE FILTER DOES NOT BE FAILED OR DAMAGED
