

teleskopy.pl

The Pentaflex long-arms carry bag with five additional pockets, a shoulder strap, a vertical suspension strap and a carrying handle. The bag's material is characterized by high resistance to abrasion and mechanical damage. An additional advantage is the perfect foam filling, guaranteeing the safety of the content in transport. â€¢ Length: 120 cm â€¢ Lath: from 14 to 30 cm â€¢ Pocket dimensions: 24x21 cm, 33x24 cm, 21x12 cm + two pockets "for small items" (see photos) â€¢ Thickness: 5 cm â€¢ Thickness of foam filling: about 2.5 cm â€¢ Weight: 1320 g
