BacPac LCD is a detachable LCD screen dedicated to HD HERO and HD HERO2 camcorders. Thanks to the disconnection option, your camera is always as small and as light as possible, and at the same time gives you the ability to view framing and already taken shots without ripping data from the internal memory to the computer. Advantages and features

- allows you to correctly frame the image when you place the camera on different elements
- allows the camera to be used as a good camera class
- gives you the ability to preview photos and movies directly from your HD Hero camera
- connected to the rear port of the camera
- has photo playback functions
- watching movies at normal speed, high speed, fast speed back
- equipped with an integrated loudspeaker with volume control

Elements of the set

- 1x LCD BacPac screen
- 1x Waterproof LCD backdoor for HD HERO housing
- 1x Waterproof LCD backdoor for HD Wrist housing
- 1x Non-waterproof LCD Skeleton backdoor for HD HERO housing
- 1x Non-waterproof LCD Skeleton backdoor for HD Wrist housing

Note: the product is not compatible with HD HERO 960. It may require a software update (firmware upgrade on the manufacturer's website www.gopro.com)
