

A high-quality cover for photographic lenses. Camrock L220 is made extremely robust with durable and thick 1600D TXP nylon. Stiffened construction with soft filling and impregnation of the case guarantee effective protection of the equipment against mechanical damage and damping. The cover has an inside pocket. A similar case to Lowepro for LC1 and LC1N. It has a belt attachment compatible with Lowepro Sliplock, Tamrac MAS and SAS and Hama Defender. Can also be attached to your trouser belt or photo bag. Includes an insert that allows you to shorten the cover by 1 cm. Characteristics / parameters

- external dimensions (height x ?r.): 15.5 x 10 cm
- internal dimensions (height x ?r.): 13 x 6.5 cm
- fastening to the trouser belt, attachment to the shoulder strap, inner pocket
- belt width: 5 cm
- 1600D TXP nylon, impregnated, reinforced construction
- weight: 110 g
