

Delta Optical Titanium 10x56 ROH binoculars Delta Optical 10x56 Titanium ROH is a modern open-plan roof-prism binoculars hunter. A large brightness combined with a 10x magnification gives 5.6 mm exit pupil - typically optimal for hunters over 35 years of age. High visibility of details and high-quality anti-reflective layers guarantee full satisfaction from the purchase. It also works well as general-purpose binoculars, in birds, nature and distant locations. Includes a neck strap, lenses covers and glasses, and a carrying case with a belt
