

# teleskopy.pl

The kit allows you to attach the Yukon Spartan NVMT night vision (1x24, 3x42, 4x50) to the Weaver rail. It contains everything you need: a mounting rail, a Red Dot laser sight and a sighted type eyepiece (large ER, soft rubber eyecup - this eyepiece is screwed in instead of a standard eyepiece in a night vision device). Fits all Yukon NVMT Spartan night vision goggles.  $\varnothing$  length: 155 mm  $\varnothing$  height: 27 mm  $\varnothing$  rail fasteners: Weaver Rail  $\varnothing$  laser sight: 5 mW, external switch weight: 180 g  $\varnothing$  an eyepiece with a larger eye relief and a rubber eyecup included  $\varnothing$  manufacturer's identification: 29045
