

Frame Mount is an open housing for Hero 3, 3+ and Hero4 cameras. It is the smallest and lightest option for attaching the camera. Characteristics – compact, compact and light construction with low profile – has a cover to protect the camera lens – provides very good sound recording even at high movement speeds – compatibility with LCD Touch BacPac and Battery BacPac version for Hero 3 / 3+ / 4. NOTE: The Frame Mount casing is NOT waterproof and does not provide protection for the camera under extreme conditions of use. It does not provide the highest protection for the camera and its optics for dirt and impact. The product is compatible only with Hero 3 / 3+ / 4 cameras. Elements of the set 1 x Standard Frame 1 x BacPac Frame 1 x lens cover 1 x Flat Adhesive Mount (flat mount) 1 x Curved Adhesive Mount (profiled mounting) Warranty 2 years
