The handy Camrock City X30 photo bag is ideal for "ultrazoom / hybrid" cameras and smaller reflex cameras. In addition to the camera, a charger, a set of batteries and a few other accessories such as filters, etc. can be set. The main compartment can be freely configured thanks to two baffles, which can be removed and adjusted in any way (the whole can be divided into 1, 2 or 3 parts in different settings). The bag in addition to the attractive appearance offers functionality and practicality thanks to the very good performance and use of durable, waterproof materials (600D TXP nylon). All the walls of the bag are stiffened. ergonomics – compact design, small external dimensions (19.5 x 15.5 x 18 cm) – removable and lengthwise adjustable shoulder strap – a comfortable, soft handgrip to hold the bag in your hand – the ability to attach a belt bag to the trousers the functionality – possibility of configuring up to 3 chambers inside the bag – additional two outer pockets closed with a zipper – two side pockets – large capacity of the bag - can accommodate a large compact camera / hybrid / SLR camera + some additional accessories – the interior of the bag lined with soft material – high quality of 600D TXP waterproof nylon – all walls of the bag stiffened, filled with foam The Camrock City X30 bag is an option for people looking for bags with a small outer size, also able to accommodate a medium size camera and some additional necessary accessories. It can also be successfully used to carry a small
