

# teleskopy.pl

Mobile charging station for two GoPro Hero3 / 3+ batteries and for many devices charged via USB. It has a built-in battery - when there is no access to the power from the socket allows you to simultaneously charge 2 batteries for Hero3 / Hero3 + or other device charged by USB. After connecting to the network (eg to a port on a computer or via a typical USB / 230 V connector - to the mains socket), it allows you to charge 2 batteries for the Hero3 + battery inserted into the GoPro camera. Features

- portable charger for Hero3 Hero3 + batteries and USB devices
- compact and structural elegance
- battery status indicator (LED)
- USB cable and cover included
- type of internal battery: Li-polymer
- capacity: 12 Wh, 3120 mAh
- Input: 5 V / 1 A
- Output: 5 V / 2 A

(GoPro batteries shown in the pictures are not part of the set) Technical parameters

- external dimensions: 21 x 15.5 x 6.5 cm
- weight: 225 g

The product is compatible with GoPro HD Hero 3+ / 3 batteries. Additional product photos
