

ClampPod RC1 is one of the smallest tripods. The "jaw" construction allows attaching the GoPro camera (or camera) to many previously unavailable places. Thanks to this stand, it is possible to mount a camera, among others for table or tubes up to 30 mm in diameter. Rubber pads on the fixing elements will ensure good grip, and the used clamp allows quick and convenient mounting of the tripod. The tripod is made of high quality plastic. The camera is mounted on a
