Nikon 7x50 Tropical IF HP WP is the most classic porro binoculars of classic design. Great image quality, strong, reliable design, made entirely in Japan. The SCALE version has a rangefinder grid in the right optical path for measurements. Characteristics

- watertightness (up to 5 m for 5 minutes) and resistance to fogging due to nitrogen filling
- large offset of the exit pupil providing a clear image in the field of view
- large lenses provide a bright image
- rubber profiled eyecups in the set

Technical parameters

- magnification: 7x
