

teleskopy.pl

Feiyu Wearable WG LITE is a 1-axis gimbal designed for GoPro Hero 4 Black and Silver, Hero 3+ and 3 cameras and for cameras with the same dimensions (including: Yi Cam, AAE). Works with various mounts - poles (monopods), suction cups, headbands, wrist straps - so you can finally put on GoPro for gimbal, and gimbal on yourself - and film with the previously unstable stability of the picture. Parameters / features

- gimbal is compatible with GoPro Hero3, 3+ and 4 cameras
- can be mounted vertically, horizontally and under various angles
- one button operation (switching on / off and changing modes)
- on the two sides of the body there are 1/4 "sockets for screwing on photo accessories (tripods etc.)
- has adapters compatible with Gopro system mounts
- weight (with 2 batteries): 135 g
- external dimensions of the transport case: 21 x 16 x 6 cm
- weight of the whole set: 500 g

Elements of the set

- WG Mini gimbal
- four 650 mAh 3.7 V batteries (2 sets, equivalent to CR123)
- USB charger for 2 batteries
- USB cable
- rigid case for the whole set with foam filling
- flat base, three plywood, slide-in adapter
