TS Marine MX 22x85 is the perfect binoculars for difficult lighting conditions. Recommended to astronomy enthusiasts for observation of a tripod under any sky, both urban and rural, as well as for night-time hunters for sit-outs and advanced bird watchers. High ability to collect light, excellent contrast and sharpness, high optical efficiency of the system - the quality of this binoculars has so far been seen only in much more expensive binoculars. Binoculars Of course, for greater comfort, the use of a tripod is a good idea, especially for applications in field music astronomy. Features of the MX Marine series of binoculars TS MX Marine binoculars are characterized by a very strong construction - a solid metal body is covered with rubber. These binoculars can withstand even significant impacts or a fall from a low height. They are not harmed by high humidity, rain or water. They are protected by O-rings and filled with nitrogen, which is why they are not afraid of humid environment, rainfall, high humidity of the air. Miles of astronomy will appreciate the flat field of view (no distortion of the image), very good correction of chromatic aberration and high efficiency of the optical system. The TS MX Marine binoculars have a focusing system for each eye in combination with a large depth of field. Thanks to this, high mechanical resistance and comfort have been achieved - binoculars do not require frequent focusing on objects at different distances. Technical parameters

- â€¢ Lens diameter: 85 mm
- â€¢ Zoom: 22x
- â€¢ Output: 3.8 mm
- â€¢ Construction of prisms: porropryzmatyczna
- â€¢ Material of glass elements: optical glass BaK-
- â€¢ Anti-reflective layers: MC on all optical surfaces, total system efficiency of 94%
- â€¢ Field of view: 3 ° / 52 m / 1000 m
- â€¢ Eye relief : 18 mm
- â€¢ Twilight efficiency: 43
- â€¢ Adjusting the focus: individually for each eyepiece, +/- 5 Diopters
- â€¢ Minimum distance of observation: 10 m
- â€¢ Range of eyepieces / output gauges: 56 mm - 72 mm
- â€¢ Water resistance: YES
- â€¢ Resistance to shock: YES
- â€¢ Nitrogen filling: YES
- â€¢ The option of connecting a tripod: YES, it has an integrated adapter on the longitudinal rod
- â€¢ Length: approx. 41.5 cm
- â€¢ Width: about 25.5 cm
- â€¢ Weight: 4830 g / 7315 g with an aluminum case
