Camrock Neo Z55 is an extremely functional, durable backpack designed for users who value security and convenience. It is made of high quality materials that ensure perfect protection of equipment against damage and moisture. The Camrock Neo Z55 backpack has three main chambers: Lower chamber with a removable basket for photographic equipment. Adjustable dividers allow you to modify the interior of the chamber and ensure optimal use of space and perfect fit to the equipment. The chamber accommodates a large DSLR camera with attached lens, 2-3 additional lenses, a flash unit and additional accessories. The entire cart with the contents can be removed from the backpack. All walls are stiffened and filled with soft material to protect the equipment. Laptop compartment up to 17 inches. Stiffened and lined with a thick layer of soft protective material. It also has a pocket for documents / journal A4. Upper chamber - very roomy, has a number of compartments, pockets and a carabiner. Will, for example, put on a jacket, bottle, additional photographic accessories, documents, keys, pens, a book, etc. The carrying system consists of two specially profiled braces with adjustable length. Braces have special tapes that allow you to attach additional
