

Camrock HZ270 is a Z-shape platform / head. Its unique design allows you to adjust the camera / camera position in the 270 degree range. The low weight and dimensions make the HZ270 great as a slider head, allowing them to be transported in dedicated cases without taking it off. It can be mounted on any tripod or slider with 1/4 "or 3/8" thread. Thanks to the attached adapter, it is possible to mount an additional head with a 3/8 "thread on the platform. Technical parameters - 1/4 "camera mount + 3/8" adapter - standard thread for mounting on a 1/4 "and 3/8" tripod (standard threads) - load capacity: up to 2 kg - material: aluminum, steel threads - dimensions: 89 x 89 x 22 mm - weight: 30 g Warranty 2 years
