

# teleskopy.pl

Elegant theater binoculars with the highest quality optics and performance. Achromatic, fully coated optics ensures very good reproduction and brightness of the image. The binoculars are equipped with LED lights, which in shadowed rooms allows you to follow the program during the performance without disturbing the performance to other viewers. The binoculars are equipped with an integrated 50 cm long chain. Characteristics

- achromatic optics (two-element lenses)
- use of BaK-4 optical glass instead of cheaper BK-7
- full coverage with MC layers
- central focusing
- LED backlit for program reading and chain length 50 cm

Elements of the set

- binoculars
- cloth for cleaning the optics
- case / cover
- 2 x LR41 LED lighting batteries

Manufacturer's description

Levenhuk Broadway theater binoculars are not only a practical device that allows you to observe the scene in the smallest detail, but also a stylish accessory. Elegant theater binoculars blend well with the evening gown and allow you to participate in the performance in a completely new way. The Broadway 325F model has a black, varnished casing with a gold border. Although the binoculars are made of metal, its mass is small (200 grams). The binoculars are so small that you can carry them even in the smallest purse. The binoculars are equipped with a central focusing system, so you can quickly and conveniently sharpen the image. In addition, this model is equipped with LED lighting, which makes it easier to find a place in complete darkness, for example. The binoculars are equipped with a detachable chain, thanks to which you can be sure that you will not leave it anywhere.
