Camrock Series City Gray cases combine the highest quality of workmanship with an interesting design. Each cover is sewn from impregnated 630TX nylon, which provides high resistance to wetting and dirt. The City Gray series products have been lined with a soft material that guarantees protection against scratches. The Camrock City Gray XG20 case is designed for storing and carrying small reflex cameras and mirrorless cameras with an additional lens or flash. It has a main chamber with dimensions of 13 cm x 17 cm x 10 cm and an additional internal pocket for small accessories. In the center there are two adjustable dividers that allow you to adjust the interior to your camera. The XG20 bag can be carried by holding the handle in the upper part or on the shoulder with the attached strap. In the protection against moisture and dust, a rain cover hidden in the bottom part of the case helps. parameters $\hat{=}$ internal dimensions: 13 cm x 17 cm x 10 cm $\hat{=}$ external dimensions: 16.5 cm x 18.5 cm x 11 cm $\hat{=}$ weight: 205 g
