Cover for transport and storage of the Delta Optical NTX-3C stereoscopic microscope. It was made of durable, waterproof material in an aesthetic graphic setting. The cover has a specially designed zipper for easy removal / insertion of contents. The robust design and attached handle make it easy to transport comfortably. The interior of the cover is lined with a layer of a sponge that protects the content from impacts. The bottom is additionally stiffened, which gives it stability. The cover has inside detachable accessory covers, which further stabilize the microscope. Technical parameters – dimensions of the base: 23 x 15 cm – height: 27 cm Warranty 2 years
