

The foot allows the attachment of 6x30 and 9x50 finders and accessories attached to the Vixen foot in the telescope tube. The foot is less dependent on the spacing of screws on the tube, thanks to the four mounting guides (see photo).
â€ˆ width: 42 mm â€ˆ length: 39 mm â€ˆ length of a single guide: 15 mm â€ˆ distance between the ends of the guides (limited by the spacing of bolts, min / max): 5 mm / 35 mm â€ˆ weight: approx. 35 g
