

teleskopy.pl

The observation telescope with variable magnification from 15 to 45x and lens with a diameter of 60 mm, with a photo tripod included. The set includes a telescope cover and a tripod cover. Technical parameters

- Zoom: smoothly variable, 15-45 times
- Lens diameter: 60 mm
- Optical system: achromatic refractor, 45 ° BaK-4 prism
- Anti-reflective layers: FMC
- Field of view: 2.2 ° - 1.1 ° / 38 - 19 m @ 1000 m
- Minimum distance of observation: 10 m
- Retracting the output pupil: 16 mm @ 15x, 13 mm @ 15x
- Telescope length: 46 cm
- Weight: 660 g
- Warranty 60 months (5 years)
