

Set saddle + rail dovetail. The saddle supports both Vixen and Losmandia standards. Strong, elegant, made to the highest standards, like all WO products. Dovetail in the Losmandia style, fully anodized. Great quality and finish. Both dovetail (rail) and saddle fit the Vixen (Sphinx, Great Polaris), Synta EQ, Meade LXD-55, LXD-75, Celestron CG-5 assemblies and most of the Advanced series assemblies. Saddle ∅ weight: 1.1 kg ∅ dimensions: 200 mm x 151 mm x 43 mm splint ∅ weight: 650 g ∅ dimensions: 250 mm x 100 mm x 13 mm
