

We present you the Ruike Hussar P121 knife. The handle of this folder has been made of G10 composite, in addition thanks to the textured handle, the knife is surely in hand even in the most unfavorable conditions of its use. The classic knife blade is made of Sandvik 14C28N steel, thanks to which the knife will keep sharp for a long time and will be easy to sharpen. Thanks to the Liner Lock block, you can be sure that the knife will not fold during use. The Ruike Hussar P121 folder also has a clip so that we can attach it to the edge of the pocket or to the case.
