A beautiful set of 50 biological preparations - cross-sectional, rich, in a wooden case. Each preparation is numbered and named (in English). The set contains the following preparations: 1. Pędzłak (*Penicillium* sp.) 2. Actinidia stellatopilosa - pollen grains 3. Fern leaf 4. Pine needle - cross section 5. Corn stalk - cross section 6. Corn stalk - longitudinal section 7. Sunflower stalk - cross section 8. Hydrilla verticillata - a cone of growth 9. Leaf of broad bean (*Vicia* sp.) 10. Flower pollen 11. Plasmodesm 12. Jasmine leaf (*Jasminum nudiflorum*) - cross section 13. Garlic skin 14. Slippers (*Paramecium* sp.) 15. Stu<sup>3</sup>bia - morphology 16. Wio?larka (*Daphnia* sp.) 17. Rotary (*Rotifera* sp.) 18. Golgi's apparatus in the egg of a frog 19. A smear of human blood 20. Fish scale 21. Chicken blood smear (*Gallus* sp.) 22. Skeletal muscle - p. and p. prev. 23. Smooth muscle 24. Motor neuron 25. Real wall - cross section 26. small intestine wall - cross section 27. Lymph node - cross section 28. Spinal cord - cross section 29. Ciliary epithelium - cross section 30. Nucleus - cross section 31. Ant - morphology 32. Butterfly wing - morphology 33. Hind leg of the honey bee - morphology 34. Butterfly's butterfly - morphology 35. Housefly fly - morphology 36. Replace the mosquito - morphology 37. Spirulina (*Spirogyra* sp.) - morphology 38. Twister convolution 39. Euglena - morphology 40. Blood smear fish 41. Overgrowth 42. Potato bulb - cross section 43. Lime trunk - cross section 44. The letter 'e' 45. P<sup>3</sup>aziniac 46. Frog skin 47. Honey bee mouth apparatus 48. Liver, cross-section - hepatocytes 49. Thick fibrotic bone 50. Guts of the mussel
