

Power controller for heating bands, allows you to control individually from 1 to 4 heating bands. Voltage: 12V DC max. current per channel: 5 A (Total max. 10 A) Connectors: RCA / Cinch Control type: PWM (0% to 100% power) ⚡ voltage: 12 V DC ⚡ maximum intensity per channel: 5 A (total maximum 10 A) ⚡ outputs: RCA / Cinch ⚡ power regulation range: from 0 to 100%
