

teleskopy.pl

Classic and modern: Levenhuk Zeno 500 magnifier. Classic, with zinc alloy handle and housing, quite heavy, which makes it stable in your hand, with a magnification of 3.5x and a lens diameter of $\varnothing = 56$ mm. Modern, because with 8 x LED backlight placed around the perimeter around the lens, it ensures even and shadow-less illumination of the text or detail being viewed. Technical parameters $\hat{=}$ magnification: 3.5x $\hat{=}$ lens diameter: 56 mm $\hat{=}$ optical material: acrylic $\hat{=}$ handle material: zinc alloy $\hat{=}$ backlight: 8 x LED $\hat{=}$ power supply: 2 x AA 1.5 V $\hat{=}$ dimensions: 212 x 80 x 23 mm
