Vortex Impact 1000 is a compact laser rangefinder, allowing shooters to precisely measure distances at a distance of up to 914 m. as high as 914 m. With a range of up to 1,000 yards (~ 914 m), the Impact 1000 enables hunters and shooters to read distance data for precise shots. A clear display and an intuitive menu make the operation of the device trouble-free. The Vortex Impact 1000 rangefinder is equipped with multi-layer optics, it ensures optimal light beam transmission, and the applied seals are waterproof. The device shows the data in yards and meters, depending on the user's needs. It is perfect for all kinds of shooting and archery. Impact 1000 is a compact, ergonomic and lightweight device, and therefore easy to pack or hang around the neck thanks to the attached lanyard. The device is powered by a CR2 battery. Construction " multilayer optics - anti-reflective lens coatings provide greater brightness " water resistance - seals protecting against moisture, dust and dirt " solid structure - compact, light and solid structure to withstand difficult situations " adjustable focus - ability to precisely adjust to the user's eyesight Functions " HCD (Horizontal Component Distance) mode with the ability to calculate the projectile's flight angle (ballistics) " LOS system " Line of Sight mode

shows the correct range line " scanner - continuous distance reading function " easy-to-use menu - intuitive, displayed on a bright and readable display " distance format - the range is given in either yards or meters Technical parameters " maximum range: 4.5-914 meters " accuracy: +/- 1 m / 100 m " measurement speed: less than 1 second " magnification: 6x " Objective diameter: 20 mm " linear field of view: 104 m / 1000 meters " angular field of view: 6.0 ° " offset of the exit pupil: 15 mm " diopter adjustment: +/- 3 D. " length: 9.5 cm " width: 7.6 cm " power supply: 1 x CR2 3 V, included " number of measurements on 1 battery: 5000 " weight: 280 g Warranty Lifetime warranty * - if anything happens to your rangefinder - Vortex will repair it or replace it with a brand new one. * The warranty does not cover loss, theft or intentional damage of the rangefinder.
