Elegant theater binoculars with the highest quality optics and performance. Achromatic, coated optics ensure very good image rendering. The simplicity of use, a slightly-functioning central dial, a valuable finish and a case complete its features. The binoculars' body is black and the silver-colored lens rings. Built-in LED light in shady rooms allows you to follow the program during the performance without having to disrupt the spectacle to other viewers. Included with an elegant binocular case. The binoculars are packed in a decorative box. A great gift for all lovers of theater and opera.
